## EMBRACEABLE™ PLATTER & DOME

### UNIQUE DESIGN

+

+

=

*Oval platter designed with locator ring in the bottom to hold standard 8oz. paper food container.*

*Popular serving size for chili, soups, oatmeal, grits, mac & cheese and many other items that often accompany a main dish, sandwich or salad.*

*Clear, anti-fog, vented lid contains integral sealing flange that forms a lid over the paper container at the same time it forms a leak-resistant seal on the platter.*

*Eliminates the lid for the paper container which reduces expense and packaging consumed*

### VALUE-ADDED

*Embraceable™ package is a versatile option for hot or cold or a combination of both with multiple items or a single application. It improved consumer convenience, as the meal is in a single container making it easier to carry. Attractive, table-ready presentation eliminates the need to re-plate to reheat in the microwave. Withstands temperatures to 230°F for hot food, under heat lamps and in the microwave.*

### REDUCE, REUSE, RECYCLE

*Elimination of the lid for the paper container reduces the carbon footprint. Both base and lid are durable polypropylene, dishwasher safe, consumer reusable and recyclable after uses. Base is made with 40% less petroleum-based polypropylene resin. ♻️*

	Product Number	SKU Number	Description	Capacity (oz./ml)	Dimensions (length x width x depth)	Case Wt. (lb/kg)	Case Cube (ft <sup>3</sup> /m <sup>3</sup> )	Case Pack	TI/ HI
