Technology

GOURMET CLASSICS®

PERFORMANCE ENGINEERED & SIZED RIGHT

Available in 6," 7½," and 9" sizes in deep and shallow profiles with capacities ranging from 14-40oz. One-piece, hinged bowl and lid keeps the operation running smoothly with no missing parts and simplifies ordering to minimize inventory and handling costs.

LEAK RESISTANT & DURABLE

Full perimeter seal prevents messy spills. Durable PETE material withstands cold temperatures to 20°F and won't break or pop open if dropped.

NO LID CONDENSATION IN COLD TEMPERATURES

Unlike competitive products, lid will not fog up with cold food or in chilled cases. Integral Clear Guard™ anti-fog technology keeps lids crystal clear to make food look fresh and appealing and assure order accuracy.

STACKABLE & EYE-CATCHING

Positive stack feature makes multiple packages easy and secure to stack during preparation, staging, on display, or in a take-out bag. Eye-catching polygon shape drives impulse sales.

CONSUMER-FRIENDLY TEAR-AWAY LID

Textured offset tabs on base and lid make an easy to open and easy to reclose package for leftovers. Tear-away lid interlocks in place below the base for easy eating on the go.

VALUE & RECYCLABLE

Loaded with performance features, yet surprisingly affordable, made with minimum 10% FDA approved post-consumer recycled PETE  and remains eligible for recycling.
