Crisp Food Technologies® CF6311C

7.5" x 4.5" Hinged Container 14 oz Microwavable 1-Comp. Clear Base With 1-Comp. Clear Anti-Fog Lid

Keeps food hot & crispy on display or on the go. The 6″ x 3″ bottom is the perfect size for French fries, chicken strips, nuggets, wings, egg rolls, and many more individual and small servings of fried food. And it costs less than a coated paper box! The Crisp Food Technologies® Containers uses an exclusive, convection cross-flow technology design to relieve moisture and condensation while maintaining product temperature. Through-the-closure ventilation, along with raised airflow channels in the base of the container, combined with venting in the anti-fog lid, ensure that fried foods remain crispy.

The unique design of this packaging system retains internal temperatures better than the market-leading rigid container currently in use for fried foods. And, like all packages in this line, the Fry Baby® container is designed to withstand up to 230℉ when placed in warming unit displays, under heat lamps, and in the microwave. Independent, side-by-side tests at several leading retailers and restaurant chains demonstrate that the Crisp Food Technologies® Containers preserved the temperature and texture of fried foods longer than competitive materials during 30-minute delivery. Perfect for home delivery or to drive increased sales of grab & go displays with the clear, anti-fog lid. This container is made of polypropylene (#5PP) and is microwave-safe, dishwasher-safe, and consumer reusable and recyclable.

Specifications

SKU	4666311
Product Number	CF6311C
UPC Code	72184443299 3
GTIN-14 Code	00 72184443299 3
Case Pack	600
Case Weight	29.66 lbs. / 13.45kg
Case Dimensions	24" x 19.063" x 23.313" / 60.96cm x 48.42cm x 59.22cm
Case Cube	6.17 ft3 / 0.17m3
Case Layer	4
Case High	3
Case Pallet	12

Product Details

Capacity	14 oz. / 413.98ml
Product Dimensions	7.62" x 4.53" x 3.09" / 19.35cm x 11.51cm x 7.85cm
Application/Temperature	Hot Foods|Heat Lamps|Microwavable|Warming Units|Cold Foods|Refrigerated Foods
Material	PP-Polypropylene #5 PP
Sustainability	Consumer Re-usable, Eligible for Recycling
