Crisp Food Technologies® CF85321-CFL85

8" Square Combo Pack 33 oz Microwavable 1-Comp. Black Base And Microwavable 1-Comp. Clear Anti-Fog PP Lid

The Crisp Food Technologies® Containers use an exclusive, convection cross-flow design to relieve moisture and condensation while maintaining product temperature. Through-the-closure ventilation, along with raised airflow channels in the base of the container, combined with venting in the anti-fog lid, ensure that fried foods remain hot and crispy. The unique design of this packaging system retains internal temperatures and food texture better than other containers currently in use for fried foods. The package will withstand temperatures to 230℉ under heat lamps, in warming units, and the microwave.

Independent, side-by-side tests at several leading retailers and restaurant chains demonstrate that the Crisp Food Technologies® Containers preserved temperature and texture of fried foods longer than competitive materials during 30-minute home delivery. It also outperforms better the other fried chicken containers in the Supermarket Deli hot case: Better texture, better temperature retention, better tasting fried foods. The package holds hamburgers and fries, pieces of fried chicken, wings, and a variety of other fried foods.

This base contains 40% less polypropylene resin (#5PP), is microwave-safe, dishwasher-safe, consumer reusable, and eligible for recycling. The anti-fog polypropylene lid keeps contents visible to avoid errors and food looking fresh & appealing to drive impulse sales.

Specifications

SKU	4118501
Product Number	CDCF85321/CFL85
UPC Code	72184443251 1
GTIN-14 Code	00 72184443251 1
Case Pack	180/180
Case Weight	24.86 lbs / 11.28kg
Case Dimensions	23.813" x 17.813" x 17.625" / 60.49cm x 45.25cm x 44.77cm
Case Cube	4.33 ft3 / 0.12m3
Case Layer	4
Case High	4
Case Pallet	16

Product Details

Capacity	32 oz. / 946.24ml
Product Dimensions	8.46" x 8.46" x 3.16" / 21.49cm x 21.49cm x 8.0cm
Application/Temperature	Cold Foods|Refrigerated Foods|Hot Foods|Heat Lamps|Microwavable|Warming Units
Material	COMBO PP-Polypropylene-Base with Mineral Additive #5 PP/PP-Polypropylene Lid #5 PP
Sustainability	Consumer Re-usable, Eligible for Recycling
