

Crisp Food Technologies® CFL4

9" x 6" Lid Microwavable Clear Anti-Fog Fits CF424

The Crisp Food Technologies® Containers use an exclusive, convection cross-flow design to relieve moisture and condensation while maintaining product temperature. Through-the-closure ventilation, along with raised airflow channels in the base of the container, combined with venting in the anti-fog lid, ensure that fried foods remain hot and crispy. The unique design of this packaging system retains internal temperatures and food texture better than other containers currently in use for fried foods. The package will withstand temperatures to 230°F under heat lamps, in warming units, and the microwave.

Independent, side-by-side tests at several leading retailers and restaurant chains demonstrate that the Crisp Food Technologies® Containers preserved temperature and texture of fried foods longer than competitive materials during 30-minute home delivery. It also outperformed the other fried chicken containers in the Supermarket Deli hot case: Better texture, better temperature retention, better tasting fried foods. The package holds hamburgers and fries, pieces of fried chicken, wings, and a variety of other fried food items. This clear dome lid is made with polypropylene resin (#5PP), is microwave-safe, dishwasher-safe, consumer reusable and eligible for recycling. This lid fits the CF424 1-comp black base.

Specifications

SKU	4334024
Product Number	CFL4
UPC Code	72184443276 4
GTIN-14 Code	00 72184443276 4
Case Pack	252
Case Weight	11.61 lbs / 5.27kg
Case Dimensions	18.313" x 15.813" x 13.25" / 46.52cm x 40.17cm x 33.66cm
Case Cube	2.22 ft3 / 0.06m3
Case Layer	6
Case High	7
Case Pallet	42

Product Details

Product Dimensions	8.85" x 6.41" x 1.11" / 22.48cm x 16.28cm x 2.82cm
Application/Temperature	Cold Foods Refrigerated Foods Hot Foods Heat Lamps Microwavable Warming Units
Material	PP-Polypropylene #5 PP
Sustainability	Consumer Re-usable, Eligible for Recycling
