

Crisp Food Technologies® CFL85

8" Square Lid Microwavable Clear Anti-Fog Fits CF85321, CF85323

The Crisp Food Technologies® Containers use an exclusive, convection cross-flow design to relieve moisture and condensation while maintaining product temperature. Through-the-closure ventilation, along with raised airflow channels in the base of the container, combined with venting in the anti-fog lid, ensure that fried foods remain hot and crispy. The unique design of this packaging system retains internal temperatures and food texture better than other containers currently in use for fried foods. The package will withstand temperatures to 230°F under heat lamps, in warming units, and the microwave.

Independent, side-by-side tests at several leading retailers and restaurant chains demonstrate that the Crisp Food Technologies® Containers preserved temperature and texture of fried foods longer than competitive materials during 30-minute home delivery. It also outperformed the other fried chicken containers in the Supermarket Deli hot case: Better texture, better temperature retention, better tasting fried foods. The package holds hamburgers and fries, pieces of fried chicken, wings, and a variety of other fried food items. This clear dome lid is made with polypropylene resin (#5PP), is microwave-safe, dishwasher-safe, consumer reusable and eligible for recycling. This lid fits the CF85321 1-comp base and CF85323 3-comp base.

Specifications

SKU: 4338501
Product Number: CFL85
UPC Code: 72184443234 4
GTIN-14 Code: 00 72184443234 4
Case Pack: 270
Case Weight: 17.83 lbs / 8.09kg
Case Dimensions: 23.813" x 9.063" x 26.125" / 60.49cm x 23.02cm x 66.36cm
Case Cube: 3.26 ft³ / 0.09m³
Cases Layer: 8
Cases High: 3
Cases Pallet: 24

Product Details

Dimensions: 8.46" x 8.46" x 1.77" / 21.49cm x 21.49cm x 4.5cm
Application/Temperature: Cold Foods, Refrigerated Foods, Hot Foods, Heat Lamps, Microwavable, Warming Units
Material: PP-Polypropylene #5 PP
Sustainability: Consumer Re-usable, Eligible for Recycling
