

Nature's Best® Natural Hinged CM9911N

**9" x 9" Hinged Container 38 oz
 Microwavable 1-Comp. Natural Base
 With 1-Comp. Natural Lid**

Nature's Best® Natural hinged containers offer increased value and affordable alternatives to foam and paper clamshells. Mineral-filled polypropylene (MFPP) will withstand temperatures to 230°F under heat lamps, in warming units, and microwaves. The lid is vented to allow steam to dissipate, preserving food quality. Stacking will not block the vents, and the positive nesting design maintains the food presentation during transport. Secure snap closure ensures freshness and eliminates messy spills. Offset tabs make it easy to open and reclose. The durable, cut-resistant polypropylene lets your customers eat right out of the container.
