CrystalClear™
8oz - 48oz

These aren't empty, they come fully loaded.

PERFORMANCE: Consistently out performing all others in both hot and cold temperatures. Heat tolerant  polypropylene items are Microwave-safe, Dishwasher-safe, Consumer-Reusable and recyclable. The CrystalClear™ line offers 22 SKU's designed to keep cold foods cold and fresh, down to 20°F. Made of  PET, the most commonly recycled plastic.

VALUE: With all the rich features and benefits provided, Anchor products are surprisingly affordable and difficult to surpass.

INNOVATION: Leading the industry with anti-fogging lids, convection cross-flow® ventilation or ventless ventilation among others.

CUSTOM: Providing the ingenuity to customize your packaging to fit your needs and increase brand awareness.

HOT PERFORMANCE

ANTI-FOGGING HINGED VENTED CLEAR LIDS.

Black bases create ideal presentation for entrée's, stir-fry, hot sides, wings, fingers.

HEAT-TOLERANT UP TO 230°F.

While under heat lamps, in warming units.

CONSUMER-REUSABLE & RECYCLABLE.

Made of  polypropylene. Microwave-safe. Dishwasher-safe.

COLD PERFORMANCE

CRYSTAL CLEAR PRESENTATION.

Black bases with clear lids. Some with anti-fogging, tear-away lids. Show off the freshness and color of salads, cold sides.

DURABLE, CRACK-RESISTANT.

Down to 20°F, even if dropped. No leaks on the car seat.

RECYCLABLE.

Made of  PET, the most commonly recycled plastic.
