Subject: Certificate of Compliance – Allergens in Anchor Products

Date: January 4, 2023

This letter is in response to your request for information regarding the use of allergens in products and packaging supplied by Anchor Packaging, LLC.

The Food and Drug Administration (FDA) lists 9 allergens that cause 90% of serious allergic reactions:

1. Peanuts
2. Tree nuts (such as almonds, cashews, walnuts, including coconuts)
3. Milk Products
4. Eggs
5. Soybean products
6. Wheat
7. Fish (such as bass, cod, flounder)
8. Shellfish (such as crab, lobster, shrimp)
9. Sesame seeds or oils

Based upon the information provided by our raw materials suppliers, we would not expect these allergens to be present in our final product. Anchor also trains its associates regarding allergens.

Anchor Packaging does not intentionally manufacture or formulate with these allergens. However, Anchor Packaging does not analyze for allergens in final product.
