

# invertibles™ - SINGLE-PIECE CONTAINERS

**ONE PART – TWO PIECES – MANY BENEFITS!**

- **Simplify operations** with a single piece that can be used as both the base and the lid.
- **Eliminate costly waste** from mismatched base/lid inventory
- **Easy one-hand close**, simply line up the tabs and push down
- **Reduce SKUs** compared to using a separate base and lid
- **Cut storage space** needed in half
- **Stack securely** with integrated stacking rails
- **Increase packaging efficiency** - use one piece as a tray for dine-in or add a second as a lid for food-to-go

**Protect food quality and profitability with ONE smart, simple solution.** Invertibles™ provides a base and lid with a single part - cutting SKUs, saving storage, and ending mismatch waste. Safeguard customer satisfaction while simplifying operations and reducing costs to boost your bottom line.

SAFE TO 230°F • MICROWAVE & DISHWASHER-SAFE • ELIGIBLE FOR RECYCLING CURBSIDE • MADE IN THE USA

**Easy One-Hand Close**  
Simply line up the tabs and push down for a snap-tight lid

**One Part = Base & Lid**  
Use one part as a tray for dine-in or two parts as a container for food to go

**Cut Storage Space in Half**  
Innovative single-piece design means there is no need to stock separate bases and lids

**Eliminate Costly Mismatches**  
Always have the stock you need to complete an order – and cut out costly waste
